Justina

Very nice. I have added your proposed answers to my responses to Carper's questions, and attach a revised version. I also slightly tweaked my letter to Senator Carper and attach this as well. However, attachments to the responses have not changed. Please let me know if you need anything else from me.

See you all next week!

Michael

Here is the second half of the presentations for question 6. As stated, all of the information sent to you, now complete, is a draft. Feel free to give me a call to discuss any of it.

Cheers!

Michael

Please find attached my response to Senator Carper. This set includes a slightly revised letter and responses to individual questions. Attachments for questions 1, 2, 6, and 9 will come in separate emails. The attachment for question 3 is still under development.

Of course, all of this is draft and comments are welcome.

Cheers!

Thanks Dr. Dourson,

If you could please provide the supporting documents for these questions by Tuesday September 5th that would be great so we can quickly turn this around to Ranking Member Carper by the 6th.

Have a great weekend,

Here is a revised opening statement, and also a draft of my response to Senator Carper. I am still working on the attachments to this draft response and will send you a more complete draft response next week with attachments. This attachment is just to give you a sense of where I am heading. Also, Justina Fugh will be drafting what are likely much more appropriate answers for questions 10, 11 and 12.

Comments welcome.

Cheers!
